## First Quarter FY 2021

---

- Scholastic is intently focused on managing the effects of COVID-19 on its business, while supporting school and family customers as they acclimate to new learning environments.
- Substantially completed our previously announced \$100 million cost savings program.
  - Reduced seasonal operating loss by \$38.1 million, excluding one-time items, and meaningfully lowered free cash use in the first quarter.
  - Savings realized in the first quarter were largely related to labor, resulting in a one-time pre-tax severance charge of \$12.0 million.
- Trade and Education well-positioned for continued success.
- Transition to a more flexible model enables the Company to match our offering with best revenue potential.

## First Quarter FY 2021

---

- First quarter revenue of \$215.2 million was 7% lower than Q1 of last year, mainly due to COVID-related disruptions in schools.
- Excluding one-time items, operating loss in the first quarter was \$45.0 million, a 46% improvement from the prior year period's operating loss of \$83.1 million, also excluding one-time items.

# Children's Book Publishing & Distribution

---

- Anticipated lower book fair counts this fall, although we expect the pace of club and fair activity to increase toward the end of the 2<sup>nd</sup> quarter and in the second half of the year.
- Schools remain motivated to host fairs, which are crucial fund raisers and give kids a sense of normalcy.
- Converting physical fairs to our new virtual model.
- Scholastic is working with schools to schedule safe and easy physical fairs that solve for space, time, and people limitations.

# Children's Book Publishing & Distribution

---

- Book Clubs seeing lower volumes of orders from teachers as a result of delayed openings and changes to classroom environments.
- Scholastic is decreasing costs by reducing SKUs and encouraging migration to clubs' digital platform.
- Re-imagined flyers are being distributed, designed to help teachers spark discussion, teach understanding, and engage young readers.

# Education

---

- Digital subscription billings showed 15% growth in the first quarter, with a high, steady volume of smaller transactions for digital components.
  - LAUSD purchased digital literacy programs *Scholastic F.I.R.S.T.*® and *Literacy Pro*™.

- Launched 100<sup>th</sup> Anniversary *Scholastic Bookshelf*, with free excerpts from over 60 stories to support teachers and parents.

# International

---

- International businesses seeing similar trends as in the United States.
- Lower book fair volumes, primarily caused by school closings in Canada, Australia, and the U.K., and lower direct sales in Asia were partially offset by stronger Trade publishing globally and strong Australia book club performance.

## Fiscal Year 2021

---

- Will not be providing a fiscal year 2021 outlook.
- Expect clubs and fairs sales to increase toward the end of the 2<sup>nd</sup> fiscal quarter, and to continue to strengthen in the second half of the year.
- On an annual basis, expect total club and fair revenue to be down somewhat from prior year levels due to loss of important September and October selling months this year.
- Taking action within the Company designed to lower costs and gain efficiencies, and are supporting revenue streams by cementing Scholastic's position as a trusted partner to educators and parents.
